CHEMICAL PEELS

All peels include dermasound exfoliation treatment

Chocolate Power Peel\$140

Combines 50% Lactic Acid and the natural extracts of cocoa, resveratrol and acai berry - powerful antioxidant-rich polyphenols to delivery superior refining, anti-aging and skin restorative benefits. This unique formulation influences collagen and elastin.

Lactic Lightening Peel 30% \$125 50% \$140

Combines the exfoliation and skin lightening power of 30 or 50% lactic acid with an active tyrosinase inhibitor and skin calming herbal extracts. A superior exfoliant and treatment for hyperpigmentation.

Vitamin A Peel\$125

Vitamin A Professional Power Peel provides strong exfoliation and comedolysis as it stimulates new collagen production. This biologically stable combination of retinol (vitamin A), AHAs and TCA (Trichloroacetic Acid) accelerates epidermal cell renewal and protein synthesis improving fine lines and wrinkles.

5-Berry Pigment Peel\$120

For the in-clinic treatment of photo-aging, wrinkles, hyperpigmentation, post inflammatory pigmentation and acne. Combines TCA and the anti-aging benefits of 5 natural berries—cranberry, raspberry, blueberry, blackberry and bearberry. These potent berries are abundant with ellagic acid to gently modify and brighten epidermal pigmentary disorders.

Jessner Resurfacing Peel\$135

For those who need to go that extra step beyond the conventional peel when skin is unresponsive to traditional treatments. This remarkable peel will smooth rough texture right before your eyes. Severe acne/acne scarring.

Salicylic Resurfacing Peel\$135

Dissolves the top layer of corneum cells, improving the look and feel while salicylic acid reduces the sebaceous follicle blockage. Acne, congested pores, black and whiteheads as well as back and chest acne.

AHA/Glycolic Peel\$125

The therapeutic activity of 15% glycolic and 15% lactic acids in AHA Active Exfoliator help to modify wrinkles and impacts the papillary dermis and reticular dermis, leading to changes which include the synthesis of collagen.

TCA/Pigmentation Peel\$230

Trichloroacetic Acid provides an aggressive medium chemical exfoliation to reduce melasma, post-inflammatory hyperpigmentation, sun damage, superficial blemishes and post-acne scars. Helps correct and smooth fine surface wrinkles through stimulation of reproductive collagen.
